

pandemic, making it difficult for retail establishments, many of which are essential businesses such as restaurants and grocers, to purchase reusable plastic bags; and

WHEREAS, due to safe distancing requirements, there is a significant increase in consumer demand for take-out food and groceries, both of which have increased the use of paper and plastic bags, and other alternatives to single-use plastic bags are not available in ample quantities; and

WHEREAS, the worldwide COVID-19 pandemic and its progression in Washington State continue to threaten the life and health of our people as well as the economy of Washington State, and remain a public disaster affecting life, health, property or the public peace; and

WHEREAS, the Washington State Department of Health continues to maintain a Public Health Incident Management Team in coordination with the State Emergency Operations Center and other supporting state agencies to manage the public health aspects of the incident; and

WHEREAS, the Washington State Military Department Emergency Management Division, through the State Emergency Operations Center, continues coordinating resources across state government to support the Department of Health and local health officials in alleviating the impacts to people, property, and infrastructure, and continues coordinating with the Department of Health in assessing the impacts and long-term effects of the incident on Washington State and its people.

NOW, THEREFORE, I, Jay Inslee, Governor of the state of Washington, as a result of the above-noted situation, and under Chapters 38.08, 38.52 and 43.06 RCW, do hereby proclaim that a State of Emergency continues to exist in all counties of Washington State, that Proclamation 20-05 and all amendments thereto remain in effect, and that Proclamation 20-05 is amended to waive or suspend a statutory provision delaying a limitation on businesses that prevents, hinders or delays necessary action in coping with the COVID-19 pandemic.

I again direct that the plans and procedures of the *Washington State Comprehensive Emergency Management Plan* be implemented throughout state government. State agencies and departments are directed to continue utilizing state resources and doing everything reasonably possible to support implementation of the *Washington State Comprehensive Emergency Management Plan* and to assist affected political subdivisions in an effort to respond to and recover from the COVID-19 pandemic.

I continue to order into active state service the organized militia of Washington State to include the National Guard and the State Guard, or such part thereof as may be necessary in the opinion of The Adjutant General to address the circumstances described above, to perform such duties as directed by competent authority of the Washington State Military Department in addressing the outbreak. Additionally, I continue to direct the Department of Health, the Washington State Military Department Emergency Management Division, and other agencies to identify and provide appropriate personnel for conducting necessary and ongoing incident related assessments.

FURTHERMORE, based on the above situation and under the provisions of RCW 43.06.220(2)(g), I also find that strict compliance with RCW 70A.530.020 will prevent, hinder, or delay the response to the COVID-19 pandemic State of Emergency under Proclamation 20-05, and therefore, RCW 70A.530.020 is hereby waived and suspended, effective at 11:59 PM on December 31, 2020 until 11:59 PM on January 30, 2021, or as amended or rescinded.

Violators of this of this order may be subject to criminal penalties pursuant to RCW 43.06.220(5).

Signed and sealed with the official seal of the state of Washington on this 18th day of December, A.D., Two Thousand and Twenty at Olympia, Washington.
